

Part number

CR QM07

Brief description:

coding pins for CQM 07 inserts

Product description	
Series	multipole inserts accessories
Product type	coding pins
Style	For CQF 07 inserts
Family	accessories for multipole connectors
Further technical details	
Weight	0,35 g

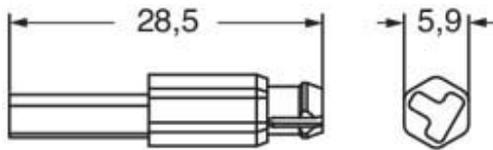

General ordering information	
EAN13 code	8015747226790
Packaging Information	
Sub-packaging weight	0,04 kg
Sub-packaging description	Plastic bag
Sub-packaging quantity	100 Pcs
Sub-packaging EAN barcode	8015747226851

Part number

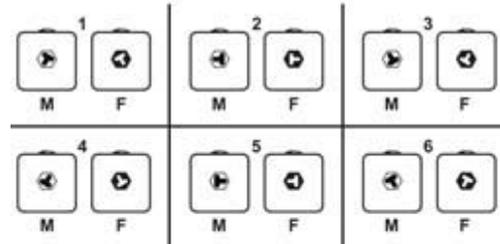

CR QM07

Catalogue drawings

Catalogue drawings

CR QF07 coding pin

CR QM07 coding pin

M = male insert
F = female insert

Notes

Code pins

Each series of connector inserts is made in such a way as to make incorrect coupling between inserts of different series impossible. When a number of identical connectors with different functions are mounted closely together these must be selected in such a way as to prevent the coupling of a mobile part on a non-corresponding fixed part and consequent damage and breakdown.

Within this scope, special coding pins have been manufactured in order to restrict or avoid mating identical multiple connectors. By combining multiple coding pins, a high number of selected matings can be produced.
